About Me

Enthusiastic and detail-oriented professional with a **Google Data Analyst Professional Certificate** and a Bachelor's degree in Business Administration with a major in Marketing, fueled by a genuine passion for data analysis and a commitment to continuous self-improvement. Well-versed in the tools of the trade, including **Excel, Python, PostgreSQL, Power BI,** and **Tableau.**

Beyond technical skills, I bring **strong communication** abilities and a proactive, **inquisitive mindset** to the table. Excited about the prospect of contributing my analytical skills to a dynamic team, and eager to further develop as a data analyst.
